TELLS WHO MAY VOTE SEPT. 23

Attorney General Gives Opinion at Request of Mayor Fisher

CLARIFIES SITUATION

Those Who Paid Poll Taxes Prior to May 3, 1919 and Also For 1916-1917-1919 May Vote.

In order t o ascertain who is eligible to vote in the coming special election which will be held September 23 for the purpose of determining whether or not Alexandria shall have a new form of city government Mayor Fisher has written Attorney General John R. Saunders on the subject.

The mayor has just received a reply from J. D. Hank, jr., assistant attorney general. In part he says:

"As this election comes subsequent to the second Tuesday in June, persons are qualified to vote who are qualified to vote in the general election to be held on the 4th of November of this year. In other words, so far as the payment of poll taxes as a prerequiste to voting is the special election is concerned, all persons are qualified to vote therein who paid on or before May 3, 1919 all poll taxes assessed against or assessable against them for the years 1916, 1917 and 1918."

The correspondence follows:

Alexandria, Va., Sept. 2, 1919.

Hon. John R. Saunders,
Atty Gen. of Virginia,
Richmond, Virginia.

My Dear Sir:

I am enclosing herewith a notice which is published in the Alexandria Gazette and is self explanatory. There has been some discussions among laymen and I expect among lawyers as to what prepayment of taxes is necessary in order to vote in this election. Of course you are thoroughly informed as to all matters in connection with the constitutional requirements and laws relating thereto, and as it is a State law I take the liberty to ask and I hope that it may be your pleasure to inform me, and in that way the electorate of this City, what taxes a voter must have paid, and the time in which should have paid his taxes in order to vote in this election of the 23rd, inst. The years and etc., I am sir

Yours very respectfully,
THOMAS A. FISHER, Mayor.

Officer of the Attorney General,
Richmond, Va., September 3, 1919

Hon, Thomas A. Fisher, Mayor
Alexandria, Virginia.

My Dear Sir:

Acknowledgment is made of your letter of September 2, 1919, stating that a special election will be held in your City on September 23, 1949, for the purpose of determining whether or not there shall be a change in the form of the government of your city. You ask what payment of poll taxes is necessary in order to qualify one to vote in this election.

Section 62 of the Code of Virginia (3 Pollard's Code, p. 19) provides that qualification of voters at any special election shall be such as prescribed for voters at general elections provided that, at any such special election held on or before the second Tuesday in June in any year, any person shall be qualified to vote who is otherwise qualified, and has personally paid at least 6 months prior to the second Tuesday in June of that year, all State poll taxes assessed or assessable against him during the three years next preceding that in which such special election is held; and, provided, that at any such special election held after the second Tuesday in June in any year any person shall be qualified to vote who is or was qualified to vote at the regular election held on the Tuesday after the first Monday in November of that year.

As this election comes subsequent to the second Tuesday in June, persons are qualified to vote who are qualified to vote in the general election to be held on the 4th of November of this year. In other words, so far as the payment of poll taxes as a prerequisite to voting in the special election is concerned, all persons are qualified to vote therein who paid on or before the 3rd day of May, 1919 all poll taxes assessed or assessable against them for the years 1916, 1917 and 1918.

Of course, under the law, a young man becoming of age after February 1, 1918 and before February 1, 1919 can, by paying his poll taxes for 1919 and registering, qualify himself to vote in your special election, because there were no poll taxes assessable against him until the year 1919. If he has become of age since February 1, 1919, then he must pay his poll tax for 1920, as the Constitution, Section 20, provides that if a person becomes of age at such time that no poll taxes shall have been assessable against him for the year preceding the year in which he offers to register he can register by paying $1.50 in satisfaction of the first year's poll tax assessable against him. The right to register manifestly carries with it the right to vote, and it is evident that the first year's poll tax assessable against him would be for the year 1920.

Such young man can pay this poll tax and register any time before the election. The payment by him of this tax six months prior to the election is not required.

Any further information I can give you on this matter will be gladly furnished upon your request.

Yours truly,
J. D. HANK, Jr.,
Assistant Attorney General.

GEN. PERSHING REACHES HOME

Steps Ashore at Hoboken at 9.20 O'clock This Morning

IS THE NATION'S IDOL

Hailed With the Greatest Enthusiasm After Two and a Half Years Absence by Salutes From Fleets.

Hoboken, N. J., Sept. 8.—The Leviathan, with General Pershing aboard, docked here at 8:45 a. m.

The general stepped ashore at 9:20. He kissed his two sisters and shook hands with Secretary Baker.

Referring to the reception given him, as he was coming up the harbor, Pershing said:

"It is overwhelming. I accept it in the name of the brave Americans who fought in France."

New York, Sept 8.—General Pershing came home today, the nation's idol.

The commander in chief, symbolizing the greatest of American armies, arrived on the giant transport Leviathan shortly after 8 o'clock.

More than two years and a half ago, General Pershing sailed from this port with a handful of men, the first of America's millions, their movements shrouded in the utmost secrecy. At that time the allied armies were wearied and discouraged by more than three years' warfare; a German victory seemed imminent.

Today he returned as a conqueror, the enemy crushed and staggering under ignominious dictated peace. In contrast to the stealth of his departure —astealth necessitated by the danger from U-boats warned by German spies—his homecoming was the signal for one of the greatest demonstrations in history.

MANY CARS SOON TO BE RELEASED

Demobilization of the Army Will Free Passenger Coaches

BIG TASK OF RAILROAD

Cars Have Been Kept Constantly In Use as a Result of Home Coming of The Army.

Demobilization of the army, which practically will be completed in a few weeks, will release railroad passenger equipment in part from the tremendous strain put upon it since the United States went to war. Many hundreds of coaches and sleeping cars now employed in troop movement will be freed for ordinary service, thus enabling the railroads to provide more adequately for the comfort and convenience of the heavy general passenger travel which is taxing their Emited facilities to the utmost.

Throughout the war and during the months that have followed the armistice, large numbers of coaches and sleepers have been constantly in army service. Cessation of hostilities in Europe did not mean that war work was over for American railroads. The home-coming of the army and demobilization furnished a task almost as great and exacting as the war itself. In July, the latest month for which figures are available, 949,660 soldiers were moved on the railroads within the United States, including men returning from overseas, men discharged and men moving between camps. Eleven hundred and seventy three troop trains were operated, carrying an average of 421 men each and traveling an average distance of 603 miles.

In addition to the strain of troop movements, there was heavy commercial travel during the war in connection with military activities, and families and friends of soldiers moved about freely going to and from the camps. This kept cars constantly in use, and made it imperative that the railroads bring out every available piece of equipment. Lines which before the war had almost reached the ideal of modern all-steel cars, were obliged to put into general service old and worn equipment usually used to meet the demands of excursions and other occasions.

The difficulty has been enhanced by the inability of the railroads to obtain needed new equipment during the war. For two years few new cars have been built, because the demands for labor and materials were too great, and even where labor and material were available, the cost of producing new equipment was almost prohibitive.

In the past few weeks, passenger as well as freight equipment has shown the effects of lack of attention during the railroad shopmen's illegal strike. While the strike actually was in progress, the patience of the traveler was put to an extreme test. In addition to running without inspection or repairs, coaches and sleepers frequently were not even cleaned and many were operated without water or ice, because workers not connected with the shop crafts left their jobs.

Time is required to undo the harm done by the period of idleness. All the railroads are striving to overcome the difficulty as expeditiously as possible.

NEW DATE FIXED FOR TRIAL OF HALL

Failure of Jury to Agree Causes Judge to Discharge Men.

INSPECTOR IS ON BAIL

Judge Brent Says There is Question of Constitutionality of Section 35 of The Code.

Manassas, Va., Sept. 8.—Following the discharge Saturday, after failure to reach a verdict, of the jury in the case of W. C. Hall, former prohibition inspector, charged with the murder of L. C. Hudson, March 26, last, Judge Brent set December 29 as the date of a new trial.

The prosecution endeavored to prove that Hudson's death was the result of malice, while the defense urged self defense. The court refused to reduce Hall's bail.

In considering instructions offered by the attorneys for the defense, Judge Brent expressed doubt as to the constitutionality of the prohibition act, but declared he would not rule on the legality of the law at this time. The instructions offered were submitted to the jury at their face values.

The majority of the instructions dealt with the powers of prohibition officers. Judge Brent ruled that Section 35 of the prohibition law clearly gives prohibition agents rights which are not vested in other officers. "The question of constitutionality of that section is a serious one" said Judge Brent, "but I will not pass on its constitutionality and will grant the instructions asked for by the defense," continued the court.

This action of the court followed the statement by Attorney Wendenburg for the defense. He held there was a difference between entering and inspecting on the one hand and searching and seizing. The Constitution forbids the issuance of general warrants for search and seizure.

A sheriff or constable cannot make an arest or a misdemeanor without a warrant unless it is committed in his presence, under the general law, he said, but these officers, operating under a special statute, have larger powers and may arrest where they have cause to suspect without a waant, wh a codf f Kl mod om dom rant, where a sheriff or constable could not.

"If a man is under arrest for a misdemeanor," continued Mr. Wendenburg," he has a right to run away and the officer has no right to shoot at him. The law says it is better to let him escape than to take his life for a trivial offense. No one disputes that. But he cannot resist an arrest or make an assault on an officer. When he does, he attacks the majesty of the law itself and it is the duty of the officer to meet force with force, even to the point of shooting him down, whether that shooting is in the defense of his own life or not."

TO EMPLOY COUNSEL FOR COMMUTERS

Executive Committee of Mt. Vernon Division Commuters' Association

WILL MEET TONIGHT

Maj. Ewing Chosen to Represent Towns Between Ballston and Fairfax—Hearing September 19.

A meeting of the executive committee of twelve appointed by the Mount Vernon Division Commuters' Association to protest against the increase of rates on the Washington-Virginia Railway, already filed with the Interstate Commerce Commision, will be held at 8 o'clock tonight in the War Camp Community Service Hall.

At this meeting plans will be mapped out for having the association represented at the hearing and legal counsel will be employed.

The hearing will take place Friday morning September 19 beginning at 10 o'clock before the Interstate Commerce Commission in Washington. Already a large number of commuters have joined the association and it is expected that many others will join.

As heretofore stated the railway company asks permission to increase the fare between this city from twenty-five to forty cents for the round trip and the single fare, from fifteen to twenty-five cents.

Major E. W. R. Ewing, president of the Citizens' Association, of Alexandria county, has been selected to represent practically all of the towns between Ballston and Fairfax at the hearings before the Interstate Commerce Commission which will consider the petition of the Washington-Virginia Railway Company for increased rates. Major Ewing announces that a committee from the Ballston association has been meeting with committees of other associations along the line which are affected by the proposed increase, resulting in the appointment of an executive committee whose work it will be to investigate the matter of whether or not the company is entitled to additional revenue.

Meetings to protest against the proposed increase of rates by the Washington and Virginia Railroad from practically every station along its line were held at Vienna, Fairfax county and other points last week. The general view expressed at these meetings was that while the increased cost of production probably justified some increase in rates, it did not justify the heavy advance asked for. Committees were appointed to protest to the Interstate Commerce Commission when the rate advances come up for consideration.

The General Shipbuilding Corporation of this city, this afternoon was placed in the hands of a receiver by Judge S. G. Brent in the Circuit Court for this city. Carroll Pierce was named as receiver for the concern.

Application for the appointment of a receiver was made on behalf of R. K. Mickey, one of the principal stockholders of the conern by Attorney Carter Hall of Fairfax county.

The General Shipbuilding Corporation is at the present time engaged in the manufacture of steel life boats. During the progress of the war this concern has had a contract for the construction of submarine chasers. Many of the chasers were built and turned over to the government. Upon the completion of this contract the concern resumed operations immediately with the building of the steel life boats.

WORLD IN A MELTING POT

The world is in the melting pot. The old structure has gone irrevocably. Its main features, says the London News, were a dynasty, militarized Europe, divided into two great hostile camps; a pacific America pursuing, under the leadership of the United States, a policy of isolation from the European cockpit; a subject Africa, parceled out and exploited by the European rivals; a subject Asia, also largely parceled out and governed by Europe, but turning in its age long sleep, becoming self-conscious and asserting its rights and its power.

That was the situation in 1914. It is not the situation today. Europe has committed suicide. It has lost the dictatorship of the world. Its military despotisms are shattered and it lies a bankrupt derelict, surging with revolution, stricken with famine, disillusioned, embittered, despairing. Its inheritance has gone to America. That country, drawn out of its historic path of isolation into the European vortex, emerges as the dominating power in the world's affairs. It has the money, the goods, the resources, the energy, the wealth of mind and matter. It is not its fault that it is so, nor its virtue. It is the natural working of events. When Europe went mad her business inevitably passed to other hands.

And not America alone. Japan was the supreme profiteer of the war and under her able, subtle and unresting influence Asia is throwing off the subject status and claiming Asia for the Asians. "We have destroyed the hypnotism of color," said Okura after the Russo-Japanese war. Europe has countersigned that claim. It has done more. It has put China under the heel of Japan and paved the way for a Japanese hegemony of Asia.

It is pretty obvious that we have here the materials for another bonfire. And the most momentous question for the world is whether it will continue in its pacific tradition, or be diverted, against its will, into a militaristic State.

With the two English-speaking peoples agreed that the world shall henceforth live upon a basis of peace and not upon a basis of war, nothing can stand in the way of achievement Together they control the seas, they control directly or in directly a third of the surface of the earth, they possess the two greatest power houses in the world, and the bulk of the raw material of the world, and they include the most virile and best equipped peoples in the world. If they will peace, they can win it, not for themselves alone but for mankind.

With wisdom that tremendous thing will be accomplished.

THE ZIONIST MOVEMENT

Because of the impending realization of the age long dream of the Jews of the world, a homeland in Palestine, the coming Zionist Convention in Chicago, which will begin September 12, is attracting world-wide attention. Some of the foremost members of the race will attend, including Justice Brandeis of the United States Supreme Court, Dr. Chaym Weitzman, of London, England, a member of the Palestinian Commission; Judge Julian Mack, of the United States Circuit Court, president of the Zionist Organization, and many others.

Features of the convention will be a mass meeting at the Auditorium Theater, where all the sessions of convention will be held; a restoration parade" through the streets of Chicago in which it is estimated more than 30,000 Zionists will participate; a ball at the First Regiment Armory, and meetings throughout the city to be addressed by prominent delegates.

Many persons who are not of the Abrahamic stock firmly believe that the restoration of the Kingdom of Israel is not a dream, but, according to forecasts scattered all over the Old and New Testaments, this great desideratum to the Israelitish world is at hand. It is surely, according to present conditions in the world, seemingly nearer than at any time during the Christian era. The Turk is not now the master of the Holy Land, and this nation is no longer trending down the Holy City. It is in the hands of a Christian nation (England) which is favorably disposed to turning over to the country to its legal owners.

This event, long anticipated by the more thoughtful Bible readers, has long been lost sight of by the great maojrity of Christian people who, strangely, suppose that all those glowing prophecies of a restored Israel are to be taken in a spiritual sense.

In the meantime sermons on sociology, idealism, and often politics are heard throughout the civilized world.

MURDER INNOCENT WORKMEN.

The New York papers of last week told of how one man had been murdered by a gang of laborers who attacked him because he was at work while they were on strike, and from various parts of the country come reports of riots and bloodshed and the killing of men who have dared to assert their right to work, unhampered by union labor regulations.

This is a situation which must be faced squarely and fairly, or else this country is doomed. When the law does not protect every man who desires to work, but permits murderers to go unhung because as union labor men they beat and murder those who prefer to work without the collar of the union around their necks, this country is headed straight for destruction. Human liberty cannot live where men can freely murder and go unpunished. Civilization cannot exist where men are not protected in the right to work, as against the murdering campaign of any organization of any kind whatsoever.

Many editors and preachers freely and justly denounce lynching, even when it is for the blackest crime on earth, but how many denounce with equal energy the crime of murdering and lynching a man merely because he wishes to work without being a member of a union?

One community lynches a fiend, the vilest on earth, and the pulpit and the press ring with denunciations of the whole community and the State itself. In another community a wholly innocent man is coldly murdered by a diabolical gang of cutthroats simply because he works while they strike, and the pulpit and the press are as silent as the grave!

Why?

Do they lack the moral courage to denounce the criminals in labor unions who murder men for no crime whatever while denouncing the criminals who murder a fiend by lynching him for the most fearful crime known to humanity?

Lincoln said that this Government could not live part free and part slave. If Lincoln were alive today he would say that this Government and civilization itself, cannot live partly free and partly controlled by the murdering power of men who are taught that crime is not a crime if committed in the name of union labor.—(Manufacturers' Record of Baltimore.

OPPOSES REVISION

Former Alexandria Rector Voices His Opposition to Prayer Changes

Voicing emphatically his disapproval of the proposed revision of the Episcopal prayer book, the Rev. Randlph M. McKim, rector of the Church of Epiphany, Washington, in his sermon last night appealed to the church to awaken to the doctrinal changes.

After dwelling comprehensively on the proposed radical and fundamental revisions which he termed as unnecessary and recactionary. Dr. McKim declared that they virutally committed the church to the doctrine of a materialistic presence in the elements and encouraged the worship of Jesus Christ in the reserved elements of bread and wine. The new book, he pointed out, does not breathe the free air of the reformation but rather the atmosphere of medievalism.

The commission on the revision of the prayer book has not revised it," he declared. "They have ripped it up and made a new one.

"Every service is changed, some so radically as to hardly be recognized; but the most serious feature of it is not that it does violence to the sentiment of reverent affection with which our people regard the prayer book, but that it involves a vital change in our doctrinal position.

"So now it is a fundamental change in the character of the church that is aimed at by some at least of the revision committee. In confirmation of this, I call attention to the fact that almost every one of the numerous changes in the communion office makes it conform to the Roman canon of the mass. It practically commits the church to the doctrine of a materialistic presence in the elements, and encourages the worship of Jesus Christ in the reserved elements of bread and wine."

Prayers for the dead are for the first time proposed to be recognized in the prayer book, and this not for optinal use only, but for compulsory use. Other features are the suggestion of auricular confession and the reservation of the sacrament (with acknowledgement that will lead to Eucharistic adoration.)

"Let the church wake up to the serious danger that lurks in this revision," he said. "Let the people concentrate their attention upon the reactionary changes that it recommends that would take us back to the prereformation time. In that case history will repeat itself, and this attempt to stamp the Episcopal Church as no longer Protestant will fail like the other.

JAPAN MAKES AMENDS

Officers and Soldiers Who Offended American Disciplined

Washington, Sept. 8.—Arrest of S. W. Glass, an American citizen, in China by a Japanese soldier was announced yesterday by the State Department, together with the statement that an apology had been made by the Japanese authorities and the soldier punished and two officers with him reprimanded. Acting Secretary Phillips said the incident thus had been settled satisfactorily.

Glass, an employee of the British-American Tobacco Company, was walking on a road between the railway station and the town of Pamiencheng when a Japanese soldier came up behind him, followed by two Japanese officers and attempted to push him from the road. Glass resisted and was arrested.

The American Government protested on the ground that the Japanese had no right to arrest any American on Chinese territory.

It is at once comic and pathetic, the tale interwoven with the most delicate romance. Suffice it to say that a surprise is in store for every one who will see "Mickey."

EMPEROR'S HOME FOR HOTEL.

American Capital in Purchase of Francis Joseph's Palace

Geneva, Sept. 8.—Advices from Innsbruck, state that an American Dutch company has been formed with a capital of $25,000,000 to buy and exploit bankrupt hotels in the Austrian Tyrol for tourist purposes.

It is said that the company already has bought several of the principal hotels at Salzburg and Ischl and the summer place of the late Emperor Francis Joseph at Ischl, which will be converted into a hotel. It appears that the Hapsburgs are willing to sell all their country residences at low prices owing to the political situation.

ALL WHO HAVE BAD NERVES AND ARE RUN DOWN SHOULD TAKE THIS WOMAN'S ADVICE

"I surely sympathize with those who suffer from nerves and a run-down system. I know from experience just what it means and because of what I suffered I believe that I owe it to others to tell how, at last, I found such great relief.

I was recommended to take Chasco-Vin, an old time nerve and body-building tonic and it afforded me relief almost from the first dose, but I kept it up, taking it regularly. I am now on the third bottle and I surely feel my old self again.

In my opinion those who suffer with bad nerves and those who are run-down generally should lose no time in obtaining this wonderful tonic.

The Alexandria agency for the sale of Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

SHIP PROPAGANDA SEEN

Shipping Board Chief Denies Government-Owned Boats Are Faulty

Washington, Sept. 8.—That certain shipping men are responsible for the spreading of current reports that large numbers of Government-owned vessels are laid up in dry dock, both in this country and abroad and that the purpose of this propaganda is to depreciate the prices of American vessels now being sold by the United States Shipping Board, is the opinion of officials of the board here in Washington.

The reports are vigorously denied by John Barton Payne, chairman of the Shipping Board. But when asked whether it was likely that the present reports are due to an organized propaganda, Chairman Payne said:

"I think it very probable. There is no serious basis for the charge that the ships built by the Shipping Board are not in every respect first-class ships, barring possibly a wooden ship here and there.

"So far as the steel ships are concerned, our experience has been satisfactory, barring some engine difficulties because of certain gearings for the turbine engines. We have now, we believe overcome this difficulty by adopting a more reliable type of gearing and we anticipate that the trouble will disappear."

Shipping Board officials say that the reports that the vssels of that organization are structurally faulty are having a very bad effect, especially in South America. It is also pointed out by members of the board that the reports are calculated to result in setting high rates for incurance on American vessels, which would handicap them in competition with vessels of foreign registry.

LIVE WIRE CAPTURES BOY

Holds Him Suspended in the Air Until Current is Turned off

Pottsville, Pa., Sept. 8.—Howard Zellner, a 10 year old boy, yesterday hung suspended 20 feet from the earth, holding an electric light wire through which 2300 volts were passing, until the current was turned off. Then he fell. Several men who tried to break his fall failed, and as a result he has a deep hole in his head. An idex finger was burned off by the current and several other fingers were burned to the bones.

Zellner climbed the pole on Arch street while playing and grasped the wire ignorant of the consequences. His life was saved because John Zerby, an electrician, saw his peril and had the current turned off, but his condition is critical at the Pottsville Hospital.

CAN'T EVEN TELL FRIEND

Washington, Sept. 8.—Under Section 19, of the dry enforcement act, "no person shall solicit or receive from any person any order for liquor or give information of how liquor may be obtained in violation of this act." This is considered a dragnet to get every person who in any way gives information as to the location of liquor for sale or the methods of making liquors illegally. Under this, lawyers hold, it would be illegal to give a friend or a neighbor a recipe for making anything tabooed under the prohibition laws.

Civil damage suits can be brought by a person "injured by intoxicated persons" against "any person contributing to such intoxication by selling liquor or assisting in procuring it."

It costs only 35c; an extra large bottle, $1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

END THEIR OWN LIVES

Tragic Story is Told of Crime Committed by Wife of an Engineer

Berlin, Sept. 8.—The suicide wave that started shortly after the peace treaty was signed continues at an alarming rate.. Fifty persons ended their lives within the last few weeks and the number of those who feel life has nothing left to offer them is growing rapidly, Indeed, suicides have become a daily routine in the press, but the following case is one of the unusually tragic ones:

As engineer's wife and her three boys of nine, ten and thirteen, were found dead of gas poisoning. Two of the boys, who had apparently offered resistance, had their throats cut. The parents' bedstead in the adjoining room was covered with roses, and a letter was found, written by the mother to her husband, reading:

"I don't want to stand in your way. My fortune, diminished during your war service, is now gone entirely. In the parcel you will find a full account, also pictures of two of the children. The latter are splendid, but mine is bad, because I am sick at heart. "I wish you all the happiness with some other woman."

How callous the people have become in the face of such tragedies is shown by the fact that within six hours after the discovery of the dozens of persons were inquiring to rent the apartments:

The reason ascribed by his friends for his action was poor health and nervousness.

GERMAN TROOPS UNRULY

Government Says it Cannot Remove Them From Courland

Berlin, Sept. 8.—The government has addressed a note to the Entente Powers, regretting that the evacuation by the Genmans of the Baltic provinces, which has been ordered by the Peace Conference, is impossible owing to the insubordination of the German troops still in Courland.

"In consequent of the restrictions imposed by the Allied Governments, Germany is not in a position to compel the obedience of its troops by military means," the note says. "There was nothing the German Government could do but to try by persuasion to bring the troops to reason." General von der Goltz, solely on this ground, returned to Mitau. The desired object not having been achieved, his superiors immediately recalled him. As a result of the extremely excited feeling among the troops, it is impossible now to prepare a plan of evacuation."

WEARS OLD DRESS

Princess Cecilia, Once Best Gowned Woman in Europe, Now is Shabby

Amsterdam, Sept. 8.—The sightseers who crowded the station today to witness the arrival of the former Crown Princess Cecilia were struck by the pallor of the ex-Emperor's grandchildren and the much-used appearing costume worn by Cecelie, who once was known as the best-dressed woman in the courts of Europe. The former Crown Princess and her two eldest sons spent a brief time in the station and then went on to Wieringen where, it is expected, they will stay five or six days. From Wieringen they will go to Amerongen to visit the former Emperor.

Dr. Kahn, as representative of the Dutch Government, accompanied the formed Crown Princess Cecilie on her trip from Oldenzaal to the island of Wieringen.

CLERYMEN'S SALARIES

West Ohio Conference M. E. Church Recommends $1,200 as Minimum

Findley, Ohio, Sept. 8.—The difficulty clergymen have in making ends meet on their slender salaries in these days of high cost of living prompted the laymen of the West Ohio Conference of the Methodist Episcpal Church to pass resolutions yesterday recommending that $1,200 be established as the minimum wage for ministers, in order to "relieve them of worry due to inability to meet the increasing cost of living."

The ministers, however, will have to make their pastoral calls afoot or behind the old gray mare, unless they wish to pay personally for gasoline and tires for Ford wagons, for a resolution calling for an annual payment of $200 for the upkeep of automobiles for ministerial use was defeated.

STRIKE THREAT DOUBLES

Forty Thousand Miners Now Talk of Quitting Anthracite Field

Scranton, Pa., Sept. 8.—No answer has been received by the Hudson Coal Company miners' grievance committee from General Superintendent Dorrance to demands for a conference relative to excessive lockage, the laying off of men on account of dirty coal and the use of mechanical loaders in the company's mines in the Carbondale district. The convention here of all the collieries of the company in the Lackawanna and Wyoming Valleys has ordered a general strike for today. This will involve no less than 20,000 employees.

District Board Member Reap gave the leaders of the proposed strike to understand that the strike was contrary to the rules and agreements of the United Mine Workers, but they declare it is impossible to continue work unless conditions complained of are remedied. The committee declared nothing but a conference with Superintendent Dorrance could avert a strike.

Miners of the Delaware, Lackawanna & Western Company, of this district, at a special convention Friday night on the grievances of the coalmen of Archbald, near here, called a general convention of delegates from all of the company's mines in the two valleys for Monday. If concessions are not made by General Manager Inglis, it is declared, a strike of all Lackawanna company mines will be ordered. This will involve another 20,000 men and throw idle more anthracite miners than at any time since the six months' strike in 1902.

RAIDS IN ATLANTIC CITY

Atlantic City, Sept. 8.—Atlantic City is as dry Saturday as the proverbial bone, save for 2.75 per cent beer. Seven beach front and side avenue license holders, with as many bartenders, are at liberty under heavy bail after a descent upon the resort at noon of half a score of Federal officials under command of Todd Daniels, agent for the Department of Justice, with headquarters in Philadelphia; United States District Attorney Bodine of Trenton and Chief Deputy Marshal Snowden, also of Trenton.

Cafe owners under arrest include John S. Smith, State Boxing Commissioner and proprietor of the Hotel Malatesta; Harry Katz, proprietor of the Moulin Rouge cafe; Wm. Malia, proprietor of the Hotel Flaherty; Chris Smith, John D. Augustino, who conducts a wholesale and retail establishment, and Anthony Roe.

The cafe men are held in $2000 bail for hearings next week.

Two forces of Federal men, one starting from Philadelphia, and the other from Trenton, arrived here at various times during the morning, ment at an agreed point early in the afternoon and then quickly closed in upon places suspected of violating the wartime prohibition act.

JEWS GOING TO PALESTINE

Selling Their American Holdings and Will Invest There.

Pottsville, Pa., Sept. 8.—Foreseeing pilgrimages to Palestine which will rival in numbers and enthusiasm the Crusades of the Middle Ages, prominent Jews of this region working in connection with others in Philadelphia, New York and Chicago, are literally "selling all they have" and are preparing to make their future home, for some years at least in Jerusalem.

Clinton B. Reed, a local real estate dealer, was astonished this week when a prominent Jew ordered all his houses in Pottsville placed on the market, so that he can have a free hand in going to Jerusalem. "I expect to return to America and will not give up my citizenship," said this man, "but I will be more or less out of touch with this country for several years and wish to have a mind free from investment worries."

Once satisfied that the Turk will not be allowed to return to Palestine, it has not taken many representative Jews long to make up their minds that the former home of their fathers offers unparalleled opportunities for money making. Those from this part of Pennsylvania will generally engage in building sewers and trolley lines at Jerusalem.

Z. T. Ratkusky, of Chicago, who has been in this State conferring with Jews who intend to remove to Palestine, says $20,000,000 will be invested by American Jews in Jerusalem and nearby cities next year. Bethlehem, Hebron and Jericho also will be the residences of a number of American capitalists. In Jerusalem the Americans will build their homes outside the walls, where a large population has grown up. Timber and red tiling will be used in the construction of houses, instead of the historic stones of which all the ancient homes of Jerusalem have been built.

Much of the bad deputation of Jerusalem as to health comes from miasma, say local Jews, caused by lack of sewage and proper disposal of garbage. Part of the city's sewage for many years has been drained into the Pool of Siloam. It is admitted that fresh sea breezs temper the climate of Jerusalem during the summer, and it is confidently expected that hundreds of thousands of tourists will visit the city and other historic places, beginning with next year, now that this can be done without objectionable surveillance from the Turks.

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

"Germany is on the verge of bankruptcy and collapse," he said. "It is as clear as the noonday sun that if relief for this terrible condition does not come before Christmas there will be an uprising of the proletariat. The present Government will be overthrown and Bolshevism will rule Germany."

COUNTY INVADED

Situation so Acute Governor Planned to Summon U. S. Troops

Charleston, W. Va., Sept. 8.—C. K. Keeney, president of the United Mine Workers of America of District No. 17, in a telephone conversation with Governor Cornwell Saturday night stated that the 1,500 miners encamped at Danville would call off the invasion of Logan County, and would return to their homes on a special train. Keeney left Charleston at noon in an automobile, in an effort to deter the miners from proceeding further, after a conference with Governor Cornwell.

Following this information from President Keeney, Governor Cornwell said that he would not ask that Federal troops be called out. At the conference today the Governor informed Keeney that he had been in communication with Secretary of War Baker and Major-General Wood, commander of the Central Department, that he could get Federal troops to Logan before the arrival of the miners, and he warned that the marchers would proceed at their own peril.

If the miners decide to proceed further it is probable Federal troops will be called out.

It was learned last night that another party of men has been proceeding into Logan County by way of Cabin Creek. Augmented by from 500 to 1,200 men, the body of miners, all said to be armed, which left Oal Grove early Saturday on a march into Logan County to force unionization of the Guyan coal fields, passed through Peytonia, Boone County, and continued on toward Madison.

ENGINE TURNS OVER

Southern Passenger Train Hits Derailing Device and Locomotive Rolls Down Bank

Lynchburg, Va., Sept. 8.—Southbound Southern local passenger train No. 19, was wrecked as it was entering the local yard here Saturday and Engineer Perkins, of Spencer, N. C., and Fireman Walter Jackson colored Charlottesville, were scalded about the body. Both were taken to hospitals but are not seriously injured. The engine went over a derailer on an island in the James River between two bridges the derailer being located to protect the Chesapeake and Ohio junction. Both enginemen claim they had signal for clear track, but, if this is correct, the signal must have been tampered with, because the derailer and signal works simultaneously, officials point out.

The big locomotive rolled down a bank twenty feet high, turning completely upside down, but the train did not leave the track. The enginemen jumped and went down the bank ahead of the engine, but were caught by escaping steam before they reached safety. They were scalded about their bodies. Passengers were preparing to leave the train and the application of the emergency brakes threw them about the two coaches, but no one was injured.

INTRUDER WOUNDED

Is Suffering From Gunshot Wounds, And Making Fight for Life at at Hospital

Winchester, Va., Sept. 8.—George W. Reed, superintendent of a cider and vinegar company, Friday night shot and seriously wounded Grandison M. Preffitt, a former boarder at the Reed home. Reed is in jail and Preffitt suffering from gunshot wounds in his hip, back and legs, is fighting for his life in Memorial Hospital.

Reed heard his dog barking and going to the door, shotgun in hand saw a man near his garage and ordered him to halt. When the intruder attempted to scale a fence Reed fired and both loads took effect in Preffitt's body and legs.

Mrs. Reed and her children became frantic when Reed was taken to jail and the neighborhood was in an uproad. Both men involved are members of substantial families.

GIVES LIFE FOR BOY

Mother Dies From Injuries Received In Saving Him From Locomotive

Pottsville, Pa., Sept. 8.—Mrs. Emma Sharp, of Cressona, who, at the risk of her own life, saved her five-year-old boy from being run down by a Philadelphia & Reading Railway locomotive Thursday, died at the Pottsville Hospital Saturday. Both legs were cut off and her skull was fractured, but under these adverse conditions she made so brave a struggle for life that it was hoped she would recover.

"I am content to die, knowing my boy will live," she said. Double pathos is lent the tragedy by the fact that the father of the motherless boy is a soldier who lost a leg in France.

WOMAN BEHIND A KILLING

Outlaw Said to Have Murdered His Brother for Taking Her Away.

New Holland, Pa., Sept. 8.—Hen Green, outlaw, who Friday emptied the barrels of his shotgun into his brother William, still was at large today, with State police running down every claw that they could pick up in the Welch Mountains, where the shooting occurred. Constables returning today from the isolated section brought back a story of love and banditry.

They scouted the story that William Green had been shot because he "peached" on his brother, and declare there was a woman in the case. The mountaineers said that William Green had stolen a team in West Chester and had driven to the mountains with a girl admired by his brother. The outlaw, it was said, then ordered his brother from the buggy, shot him, jumped in and lashed the horse and fled with the girl.

GIRL MAKES $20 A DAY

Yuba City, Cal., Sept. 8.—Marysville, the county seat of Yuba County, just across the Feather River from this place, has the distinction of being the home of the champion peach pitter of California and the world. Margaret Myers is her name, and she is earning from $14 to $20 a day in a local cannery pitting

Many young women are earning more than $10 a day in the local canneries, and for that reason it is impossible to secure women either in Marysville or Yuba City for housework.

Sutter County growers are getting $85 a ton this year for their peaches, the best price ever paid in the State. Not more than four years ago growers were satisfied to get $30 a ton for their peaches. As a result of the high prices paid by the canners it is predicted that canned peaches will sell for 60 cents a can this winter.

PRISON KEEPERS' UNION

Its Organization in New York Seems to Be a Certainty

New York, Sept. 8.—Commissioner James A. Hamilton, of the Department of Corrections, is faced with the probable organization of a union among the 360 keepers in the various city penal institutions, as the result of the failure of the men to secure what they regarded as adequate increases in pay.

Already a meeting of the Prison Keepers' Association, which takes in practically all the men in the department below the rank of head keeper, has been addressed by an organizer of the American Federation of Labor. Through him they sent an inquiry to the main officers of the Federation as to whether they were eligible for membership. A member of the executive committee said today that the matter was now being held in abeyance, pending a decision.

Rumors that a strike was imminent were denied today by Jeremiah O'Leary, counsel to the men. Men in the Tombs, when questioned about a rumored strike at that institution, said that it was not being considered at present.

WILSON IN THE NORTHWEST

Starts Strenuous Week After Day of Rest in Des Moines

On Board the Presidents Special, Des Moines, Ia., Sept. 8.—President Wilson left here last night on the first lap of his journey into the Great Northwest. Happy at the reception accorded him, today he had the first breathing spell of his long trip.

The only fly in the ointment was the news from Washington that Senators Cummins and Kenyon, Iowa's Senators, had joined the ranks of the extreme reservationists.

This did not keep the President from enjoying a comfortable and restful day. He arose late yesterday morning, went with Mrs. Wilson to the Central Presbyterian Church, where he heard a sermon by the Rev. Frank Chalmers McKeen, one of his students at Princeton, and in the afternoon he took a long motor ride through the Iowa capital.

Today the President spoke in Omaha the home town of Senator Hitchcock, the administration leader of the Senate. He will also speak in Sioux Falls.

THEATRES

INGOMAR THEATER

"The Clouded Name," much talked of new World picture will be shown tonight at the Ingomar Theatre.

It takes the audience out into the great snow-covered forests of the northwest where, among the lives of the lumberjacks and the guests of the timber magnate, a gripping and fascinating drama runs its course.

"The Clouded Name" has wonderful northern scenery, moose hunts, sleighing parties, terrific blizzards, real lumber camp dance halls, and everything that combines to make this venturesome, out of door life so picturesque and appealing.

Chapter 4 of the "Great Gamble" also will be shown.

RICHMOND THEATRE

The pride of aristocracy gone to seed forms one of the strong touches that occur in "Cupid Forecloses," the Vitagraph feature which will be shown at the Richmond Theater tonight.

"Cupid Forecloses" is a highly dramatic, refreshing film, that gives Miss Love great scope for artistic work.

IRISH SHOOT SOLDIERS

One Killed, Three Wounded, Others Disarmed on Way From Church

Belfast, Sept. 8.—A party of eighteen soldiers returning to barracks from church at Fermoy yesterday was attacked from ambush. One soldier was killed and three wounded. The others were overpowered.

The attacking forces, which appeared to number twenty, used revolvers. They took all the soldiers' rifles, and quickly left the scene in automobiles which were awaiting them.

(Fernoy lies about 19 miles north east of Cork.)

CAN'T STORE FRUIT

Virginia Apple Dealers Warned by Government Against Profiteering

Winchester, Va., Sept. 8.—Apple growers and dealers Saturday evidenced much concern over a ruling of the Department of Justice to the effect that it would not consider as a hoarding act the "storage of apples where it is shown the same is in line with normal business, or according to practice of previous years," but that "it will be considered as an unfair practice if it is shown that apples are stored with the idea in mind of holding for higher prices."

Virtually all the brokers admit that their purpose in buying apples early in the season and placing them in cold storage is to be in a position to dispose of the fruit at higher prices during the winter. They are, as a result of the department's ruling, hesitating to close contracts with growers, fearing prosecution on charges of hoarding. On the other hand, growers who are willing to sell at a reasonable profit rather than go to the expense of storing their fruit and taking chances with the market, feel they will be compelled to store their apples to have them from spoiling.

The Frederick county growers are figuring on an output of approximately 400,000 barrels of commercial fruit. The crop in the Shenandoah-Cumberland district, extending from Staunton, Va., to Harrisburg, Pa., is with 2,500,000 barrels last year.

SIGNS HIGHWAY BILLS

Richmond, Va., Sept. 8.—The four highway bills passed at the special session of the legislature, which practically completed its work yesterday and passed into history, were signed yesterday evening by Governor Westmoreland Davis.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
